

Join Junis

Join an
adventure and
other fun!

Junis has 200
clubs in Sweden

12,000 children
are in Junis

Loads of fun

Become a member in Junis and participate in lots of fun activities. Some Junis-clubs watch movies, play, or do chores. Others play theatre, dance, program their own games, or participate in some sport. Or something totally different!

Go to a camp

Every summer, Junis arranges camps and other activities for roughly 3,000 children around the country. Join an adventure! You can paddle, swim, sleep in a tent, meet new friends, or do something else you find fun.

You decide

Democracy is important at Junis. The children and the counsellors make decisions together and everyone's voice is heard. The club has an annual meeting every year, in which the children and the counsellors can participate, and decide and thing about what will happen during the year.

Everyone can participate

Junis is meant for all children up to 15 years of age. Here you are seen, heard, and have influence. All are welcome ♥

Yes, I want to become
a member in Junis,
and receive invitations
to all the fun we come
up with together!

Become a
member at
junis.se/blimedlem,
or fill out
this form!

Counsellors who have taken a stand

Junis' activities are based on democracy, solidarity, and sobriety. All counsellors have taken a stand for sober life. Junis' counsellors are ideologically committed, and provide their time to make a difference for children.

Safe counsellors, safe activities

The counsellors at Junis receive leadership training and regular support to develop their leadership skills. We work actively to give the counsellors tools to be the safe adults the activities require. You can become a counsellor at Junis when you're 15 years of age. Read more at junis.se/bliledare
